

Thank you for your business. We wouldn't be here without you. We see how hard you work and understand the current struggles of the agriculture climate right now. We appreciate all you do!

Unfortunately, however, due to rising costs, we need to institute a small price increase in order to offset the rise in cost of materials and in order to keep paying our top-notch employees enough to be able to live in the Gallatin Valley. At this time, we are raising our costs by the smallest amount possible, but please be aware that we may need to institute another price increase. If that happens, you will be informed via email. The new pricing will go into effect January 1st, 2023. The new pricing is as follows:

Lastly, we are instituting a fee for filling out and/or tracking down cut sheets. Like most businesses, we are short-staffed and in order to become more efficient, we will no longer be collecting cut sheets. As the producer, it will be your job to make sure that your customers are submitting their cut sheets. In order to help you with this process, we have re-done our online cutsheets. They are very intuitive and easy to use. They can be found at:

<https://www.amsterdammeatshop.com/>

Please have your customers start here before calling. If they have filled out their cut sheets and still have questions, we are absolutely more than happy to assist them in any way that we can. You will have 24 hours after the drop-off of the animal to submit your cut sheets. Any cut sheets that are not submitted

at that point will be charged a \$25 fee/customer. This fee will be charged to the producer and you can choose whether or not to pass the fee along to your customer. If you require hang weights in order to complete cut sheets, please let us know before-hand or at drop-off and we will get those to you ASAP.
